DARE TO DANCE · DARE TO DREAM

Come and join us for a very special dance party!

Party and Pray is a celebration which marries the sacred and the sensual, surfing between the depths of meditative stillness and the heights of the full dynamic expression of our love of life.

For the first hour Susannah will lead us in a dancing discovery of how to tune in, turn on, connect and let go, opening the door to ecstatic states without the need for drugs. Then the DJs will play on!!!

We ask that the dance space remains word free (words are welcome in the chill out space).

All ages are welcome! All that is required is that you are willing to let your body do the talking and that you are ready to respectfully connect with yourself and others as we celebrate our unique individuality and our togetherness.

DJs: Susannah Darling Khan and John Carrier, hosted by members of the Sacred Space workshop (for full information on Sacred Space 8 - 10 Oct, visit www.carriercarrier.se)

Movement Medicine is the synthesis of Susannah and Ya'Acov Darling Khan's work over the last 25 years, including teaching 5Rhythms internationally since training in 1989. **Susannah** teaches with compassion, clarity, wisdom and humour. She offers a joyous approach to personal and collective healing.

"Susannah is a master choreographer of energy and a specialist in heart art." David Rose, Director of Soul Wave
