DARE TO DANCE · DARE TO DREAM

Sacred Space will help you to experience the dynamic aliveness of your inner and outer space.

Through landing consciously in the depths of our bodies we release natural movement which arises from inside. By inhabiting the living 'land' of our bodies, we find a ground of being and a resource of energy. When we are full and alive in ourselves, and when our circle is whole, we can connect creatively with the world around us and with the oasis within.

Sacred Space will give you tools to learn how to live from your integrity (wholeness) in all your relationships, with yourself, others, the environment, the ancestors and spirit world, and the tangible presence of the divine.

This connection to Sacred Space gives us access to embodied spirit and dancing prayer.

On Saturday night we will open our workshop space and invite others to come and join us to Party and Pray. This evening is free to participants in the weekend.

Movement Medicine is the synthesis of Susannah and Ya'Acov Darling Khan's work over the last 25 years, including teaching 5Rhythms internationally since training in 1989. **Susannah** teaches with compassion, clarity, wisdom and humour. She offers a joyous approach to personal and collective healing.

"Susannah has been a guiding light of integrity for me over the years while my own awareness, healing and growth has matured. I would encourage anyone with dance in their heart and feet to find the earliest possible opportunity to work with her." Jason Rowe
